Clinical Outcome Reporting Form (CORE)
Version: 10/02/11

1. REASON FOR STATUS CHANGE: Add "Renal Registry Data" as an option.
2. Add new Question A1e: "Renal Registry."
3. Update PROMPT so that Question B2 is appropriately completed when Renal Registry is named as a source of information.
4. Add Section D: Information Relevant to USRDS Match. These data will be captured in subform COREs3, which should be Xeroxed if necessary to report more than one record in the USRDS Match.
   a. Begin Date
   b. End Date
   c. RXGROUP
   d. USRDS Assigned Facility ID Number
