

DRUG3 – Visit 21 Changes
Version 10/1/04

1. Delete option to select whether form is completed for “WIHS Core Visit” vs. “3 Month VRS Visit.” Three-month VRS visits are no longer completed.
2. Add new medication: Truvada, drug code = 253. Truvada is taken as one pill, once per day, and consists of 300 mg tenofovir plus 200 mg emtricitabine.
