

**New Recruit Baseline History (F20)**  
**Version: 10/01/11**

1. Question B1 (*country of birth*): delete question. Will be asked on new RACE form.
2. Question B2 (*date moved to U.S.*): delete question. Will be asked on new RACE form.
3. Question B3 (*city, state of birth*): delete questions. Will be asked on new RACE form.
4. Question C24a: Add new hepatitis medications:
  - a. *Victrelis (boceprevir)*
  - b. *Incivek (telaprevir)*
5. Question C24a: Add field in which to record “*other*” hepatitis medications that may not be specifically listed on the form.
6. Question E11: Update skip pattern based on changes to Questions E28 through E30.
7. Move Questions E29 and E30 (re: *Nosebleeds while snorting drugs*) before Question E28 so that they can be skipped by participants who report never having used illegal drugs. Renumber questions.
