

Sociodemographics (F21)
Version: 10/01/11

1. Question B8: Clarify in QxQs how to calculate number of hours per day or week participant provides childcare. Hours should be reported as a total number per day/week, not as per child amount, i.e., caring for three children for four hours should count as four hours total, not 12.
2. Add new Question B23: *“Now we have some questions regarding bilingualism, or whether you can speak more than one language. Do you speak more than one language?”*
3. Add new Question B24: *“When you were a child, was English the first language that you spoke?”*
4. Add new Question B24a: *“What was the first language you spoke as a child?”*
5. Add new Question B25: *“Today, do you consider English to be your primary language? (PROBE: Is English the language you use most and that is easiest for you to use?”*
6. Add new Question B25a: *“What language do you consider your primary language today?”*
