

F22hx – visit 24
Version 4/1/2006

1. Delete C22: “Have you ever taken medication to prevent getting TB?”
2. Delete C22a: “What year did you start taking that medicine?”
3. Delete C22b: “How many pills did you take per day to prevent TB?”
4. Delete C22c: “For how long did you take this medicine?”
5. Delete C22d: “When you were taking the preventive medicine, were you in an institution such as a nursing home, recovery home or prison?”
6. Change C34: From “ever” to “since your (MONTH) study visit” were you diagnosed with liver disease?
7. Change C34a: From “ever” to “since your (MONTH) study visit” were you diagnosed with fatty liver...?
8. Change C34b: From “ever” to “since your (MONTH) study visit” were you diagnosed with alcoholic liver damage?
9. Change C34c: From “ever” to “since your (MONTH) study visit” were you diagnosed with cirrhosis?
10. Change C34ci: From “ever” to “since your (MONTH) study visit” did you have abnormal fluid in the belly?
11. Change C34ii: From “ever” to “since your (MONTH) study visit” have you had bleeding from enlarged veins...?”
12. Change C34ciii: From “ever” to “since your (MONTH) study visit” have you had hepatic encephalopathy?
13. Change C34d: From “ever” to “since your (MONTH) study visit” have you been tested for liver cancer?
14. C38c: “Since your (MONTH) study visit, have you had a liver biopsy?” A “yes” response to this question will now prompt completion of the ATC form instead of the ACSR ATC form to allow tracking via Apollo.
15. Change C41: Prompt after C41 to read “If C40 = yes, then complete ATC...”
