

**Follow-up Health History (F22HX)**  
**Version 10/01/15**

1. Move Question C32a to C33a: "Is this an odd or an even visit?" If even, proceed to Question C34, but if odd, skip to Question C37 so questions about Hepatitis C treatment since the participant's last study visit will be asked.
2. Question C37: Change question to ask about Hepatitis C medication use "Since your (MONTH) study visit" instead of "In the past year."
3. Delete old Question C37a: "Have you ever taken medications for Hepatitis C?"
4. Add Question C37b: "Are you currently taking Hepatitis C medications?" If response is "yes," participant will skip questions regarding completion of treatment.
5. Delete old Question C37di: "I'm currently taking Hepatitis C medications?"
