

Medication History Form (F22MED)
Version 10/01/15

1. Change prompt on F22MED form to indicate that DSGs1 form (not DSG) should be completed if participant reports having taken any ARV medications since her last study visit in Question B2b.
2. Section D: For drug code 719, add new trade name for daclatasvir, "Daklinza."
3. Section D: Add new Drug code 722 for "Technivie (ombitasvir/paritaprevir/ritonavir)."
4. Add Question E1f: "Since your (MONTH) study visit, have you received vaccination for HPV or human papillomavirus?"
