

Drug Usage Assessment for Blood Draw (F29a)
Version: 10/01/09

1. Discontinue data entry of subform F29As1 as it is duplicative of data entered into F29As2.
2. Add SPECIFY field to question 2A for when listed drug code equals 998 or 999.
3. Add subform F29As2 start and end markers to form. These markers are for data entry purposes only and can be ignored by interviewers.
