

Specimens Collected During the Physical Exam – New Recruits (F31r)
Version 04/01/14a

1. Modify form to request collection of 30-40 strands of hair (changed from 20-30) from women NOT on tenofovir-containing regimens.
2. Question D5: Add response option “3” for Not Applicable. This response should be chosen when the participant has no cervix.
