

Menopause Symptom Questionnaire (MEN01)
Version: 10/1/08

1. Rename Section B: "*STRAW Questions.*"
2. Add new Question C7: "*Will participant be administered the Neurocognitive Battery during this core visit window cycle?*" If response is "YES," interviewer should continue to next question, D1. If response is "NO," interviewer should skip to Question D4, as Questions D1–D3 will be administered only when a participant is completing the Neurocognitive Battery during the same visit cycle.
3. Add new section break: "*Section D: BLSA Questions.*"
4. Renumber old Question C7 to Question D1.
5. Renumber old Question C8 to Question D2.
6. Renumber old Question C9 to Question D3.
7. Renumber old Question C10 to Question D4.
