

D3. Does the participant's most recent HIV viral load remain below 75 copies/ml or below threshold of detectability?

- YES ..... 1 **(GO TO D3a)**  
 NO ..... 2 **(Ineligible. END.)**

a. Source of current viral load: \_\_\_\_\_

b. Date of current viral load: |\_\_|\_|\_|/|\_\_|\_|\_|/|\_\_|\_|\_|  
   M      D      Y

D4. Has the participant ever taken HAART?

- YES ..... 1 **(GO TO D5)**  
 NO ..... 2 **(Appears eligible. Refer to appropriate WIHS site staff for potential substudy participation. END.)**

D5. Was use of HAART during pregnancy only?

- YES ..... 1 **(Appears eligible. Refer to appropriate WIHS site staff for potential substudy participation. END.)**  
 NO ..... 2 **(Ineligible. END.)**

**SECTION E: GOOD CD4 RESPONDER GROUP**

E1. Has participant been HIV positive for at least 3 years?

- YES ..... 1 **(GO TO E2)**  
 NO ..... 2 **(Ineligible. END.)**

E2. Has participant been on HAART consistently for at least 2.5 years?

- YES ..... 1 **(GO TO E3)**  
 NO ..... 2 **(Ineligible. END.)**

E3. Was CD4 <350 before starting HAART?

- YES ..... 1 **(GO TO E4)**  
 NO ..... 2 **(Ineligible. END.)**

E4. Since starting HAART, has participant achieved undetectability, AND has HIV viral load consistently been below 75 copies/ml or below threshold of detectability?

- YES ..... 1 **(GO TO E5)**  
 NO ..... 2 **(Ineligible. END.)**

E5. Does the participant's most recent HIV viral load remain below 75 copies/ml or below threshold of detectability?

- YES ..... 1 **(GO TO E5a)**  
 NO ..... 2 **(Ineligible. END.)**

a. Source of current viral load: \_\_\_\_\_

Date of current viral load:   |\_|\_|/|\_|\_|/|\_|\_|  
  M      D      Y

E6. Has CD4 count increased at least 200 cells over pretreatment level?  
    YES ..... 1   **(Appears eligible. Refer to appropriate WIHS site staff for potential substudy participation. GO TO E7.)**  
    NO ..... 2   **(Ineligible. END.)**

E7. Has CD4 count remained consistently increased over pretreatment level?  
    YES ..... 1   **(Appears eligible. Refer to appropriate WIHS site staff for potential substudy participation. GO TO E7a.)**  
    NO ..... 2   **(Ineligible. END.)**

a. Source of current CD4 count: \_\_\_\_\_

b. Date of current CD4 count:   |\_|\_|/|\_|\_|/|\_|\_|   **(END)**  
  M      D

**SECTION F: POOR CD4 RESPONDER GROUP**

F1. Has participant been HIV positive for at least 3 years?  
    YES ..... 1   **(GO TO F2)**  
    NO ..... 2   **(Ineligible. END.)**

F2. Has participant been on HAART consistently for at least 2.5 years?  
    YES ..... 1   **(GO TO F3)**  
    NO ..... 2   **(Ineligible. END.)**

F3. Was CD4 <350 before starting HAART?  
    YES ..... 1   **(GO TO F4)**  
    NO ..... 2   **(Ineligible. END.)**

F4. Since starting HAART, has participant achieved undetectability, AND has HIV viral load consistently been below 75 copies/ml or below threshold of detectability?  
    YES ..... 1   **(GO TO F5)**  
    NO ..... 2   **(Ineligible. END.)**

F5. Does the participant's most recent HIV viral load remain below 75 copies/ml or below threshold of detectability?  
    YES ..... 1   **(GO TO F5a)**  
    NO ..... 2   **(Ineligible. END.)**

a. Source of current viral load: \_\_\_\_\_

b. Date of current viral load: |\_\_|\_|\_|/|\_\_|\_|\_|/|\_\_|\_|\_|  
M D Y

F6. Since starting treatment, has CD4 cell count reached at least 100 cells above pretreatment count?

- YES ..... 1 **(Ineligible. END.)**  
NO ..... 2 **(Appears eligible. Refer to appropriate WIHS site staff for potential substudy participation. GO TO F6a.)**

a. Source of current CD4 count: \_\_\_\_\_

b. Date of current CD4 count: |\_\_|\_|\_|/|\_\_|\_|\_|/|\_\_|\_|\_| (END)  
M D Y

**SECTION G: OFF TREATMENT PROGRESSOR GROUP**

G1. Has participant been HIV positive for at least 3 years?

- YES ..... 1 **(GO TO G2)**  
NO ..... 2 **(Ineligible. END.)**

G2. Has the participant ever taken HAART?

- YES ..... 1 **(GO TO G3)**  
NO ..... 2 **(GO TO G3)**

G3. Was use of HAART during pregnancy only?

- YES ..... 1 **(GO TO G4)**  
NO ..... 2 **(Ineligible. END.)**

G4. Has participant's HIV viral load consistently been detectable for at least 1 year?

- YES ..... 1 **(GO TO G5)**  
NO ..... 2 **(Ineligible. END.)**

G5. Do results of most recent HIV viral load remain detectable?

- YES ..... 1 **(Appears eligible. Refer to appropriate WIHS site staff for potential substudy participation. GO TO G5a.)**  
NO ..... 2 **(Ineligible. END)**

c. Source of current viral load: \_\_\_\_\_

d. Date of current viral load: |\_\_|\_|\_|/|\_\_|\_|\_|/|\_\_|\_|\_| (END)
