

WIHS PK Form 02a: Antiretroviral Adherence (PK02A)
Version: 04/01/09

The PK02A asks about antiretroviral medication adherence. Changes from the previous form include:

1. Remove “*Sustiva, Viramune, Kaletra, Viracept, Reyataz*” from Section A: General Information and add “*Isentress*”
2. Remove “*Sustiva, Viramune, Kaletra, Viracept, and Reyataz*” from Section B: Adherence Information and add “*Isentress (raltegravir)*”
3. Remove medication group types “*Non-nucleoside RTIs and Protease inhibitors*” and add “*Integrase inhibitor*” in Section B: Adherence Information
