

**WIHS PK Form 05A: Weight/Specimen Collection for Group A Participants
(PK05A)
Version: 04/01/09**

The PK05A collects and records various weight/specimen information. Changes to this form include:

1. Remove a-c, "*Nevirapine (Viramune), Nelfinavir (Viracept), and Lopinavir/Ritonavir (Kaletra)*" from A6 and add d, "*Raltegravir (Isentress)*"
2. Add "*Isentress*" to instructions after D1a, "*In the morning, collect first PK sample ('0' Timepoint) and record the time of sampling in D2. Instruct participant to take her target antiretroviral medication (Isentress) and any other medication that she usually takes at the same time. Participant should be instructed to take her antiretroviral medications with food if that is her usual routine at home. Record the time of HAART dosing in D3 and record whether the participant took her medications with or without food in D4. Set electronic timer.*"
