

PR02 – visit 22
Version 10/01/04a

1. Question A5: Change “Date of pregnancy termination/delivery” to “Date of delivery.” A PR02 form will no longer be completed for pregnancy terminations (miscarriages and abortions) as all necessary data will be recorded on the F23.
2. Question A7: Change “Total number of fetuses” to “Total number of births (live or still).”
3. Question A8: Deleted fields in which to record outcome for 3rd and 4th births. No more than 2 have ever been reported.
4. Question A8: Delete response categories for “spontaneous abortion,” “other abortion” and “tubal/ectopic” as PR02 will no longer be completed for these pregnancy outcomes.
