

TRUST – visit 24
Version 4/1/2006

1. A new questionnaire, “Opinions about Health System and HIV/AIDS,” will be administered during visit 24 to all English-speaking participants.
2. The form should be self-administered unless the participant cannot or does not want to read the form herself. In this case, the form can be administered by an interviewer.
3. Complete instructions are included in the QxQs.
