

# Nutritional Assessment

## NUTRITIONAL ASSESSMENT (F15)

### Chronic Kidney Disease in Children (CKiD)

#### SECTION A. GENERAL INFORMATION

Data Entry Person:

\_\_\_\_\_

A2. CKiD VISIT #:

\_\_\_\_\_

A3. FORM VERSION:

08/01/21

A4. DATE OF VISIT:

\_\_\_\_\_

A5. INTERVIEWER'S INITIALS:

\_\_\_\_\_

A6. Is this study visit an irregular (accelerated) visit?

- Yes
- No

A7. INDICATE PERSON COMPLETING THE FORM

- Child/young adult
- Parent or other adult
- Both (Parent and Child/young adult)

#### SECTION B. NUTRITIONAL ASSESSMENT

The following set of questions asks about the participant's appetite (or your appetite, if child/young adult participant is completing the form) and use of a nasogastric tube or gastrostomy tube. A nasogastric tube (NG tube) is a tube that is passed through the nose and down through the nasopharynx and esophagus into the stomach. A gastrostomy tube (GT) or button are tubes that directly enter the stomach.

B2. Does (name of participant) use a gastrostomy tube/button or Nasogastric tube (NG tube) for nutritional purposes?

- Yes
- No
- Don't know

a. In the past year, how many months has the gastrostomy tube/button or NG tube been used?

\_\_\_\_\_ (months)

B3. In a 24 hour time period, does (name of participant) take any nutritional supplement either by mouth, bottle or feeding tube to increase the caloric intake (Excludes vitamins and minerals)?

- Yes
- No
- Don't know

**SECTION C: FOOD INSECURITY**

**The next questions are about your food situation in the past 12 months. Please respond whether the statement was often true, sometimes true, rarely true or never true for (you/your household).**

C1. Within the past 12 months, we worried whether our food would run out before we got money to buy more.

- Often true
- Sometimes true
- Rarely true
- Never true

C2. Within the past 12 months, the food we bought just didn't last and we didn't have money to get more.

- Often true
- Sometimes true
- Rarely true
- Never true
