

Subject: 1st Amendment to research license agreement to adapt into test booklet report format and use the WISC-IV Integrated Digit Span and Spatial Span subtests, the WAIS-IV Digit Span subtest, and the WMS-III Spatial Span subtest, plus applicable Manual pages, for a study at the Children's Hospital of Philadelphia (CHOP) for the Chronic Kidney Disease in Children (CKiD).

Dear Dr. Johnson,

This is the First Amendment (1st Amendment) to our Research License Agreement which became effective when fully signed on December 14, 2012 (the "Agreement"), to adapt the above subtests into test booklet format, with other assessments, for use in your research study titled "Chronic Kidney Disease in Children (CKiD) Longitudinal Study". This 1st Amendment is effective upon receipt.

1. By this Email we are extending the Agreement to December 31, 2019 with no additional Test administrations or changes in the research sites.
2. All other terms and conditions remain in full force and effect.

Please keep a copy of this Email with your Agreement.

Kind regards,

William H. Schryver
