Subject: Fwd: Permissions Request

Dear Dr. Hooper,

Your request has been conditionally approved as follows:

If you have already purchased at least one copy of the Mullen Scales Training DVD Pearson has no objection and you have permission to use snippets of the DVD to train your test examiners and to post the 30 minute training DVD to your secured web site.

If you have not purchased the Mullen Training DVD, permission is not granted until you have completed the purchase.

The Mullen Training DVD must be removed from your web site within five (5) days of the completion of your study.

There will be no additional license fee if the above conditions are complied with.

Regards,

William H. Schryver
Senior Legal Licensing Specialist

Legal Department/Permission Requests

Title of Publication: Mullen Scales of Early Learning Training DVD

Edition: Product #11159

Author (if available): Eileen M. Mullen

Copyright Date: 1995

Brief Description of your request: We are conducting a 54 site study examining children with mild chronic kidney disease. For the first 15 years of this study we have enrolled children from ages 1 year to 16 years and have followed them over time. The Mullen Scales of Early Learning are part of that battery.

For our next grant submission we are increasing our focus on preschool children, age 6 months to 5 years, and anticipate increased training needs for the Mullen for each of our sites.

We are requesting to use snippets of the Mullen Training DVD in our training of the examiners. We also are requesting to put the 30 minute DVD on our secured web site for the project so that examiners can review it when necessary.

Specific list of materials to reproduce: Mullen Scales of Early Learning Training Video (DVD), Product #11159

Number of subjects/administrations or copies needed per year: 1

Name of party responsible for tracking reproductions and payment of fees: Stephen R. Hooper

Inclusive Dates: 7/1/17 through 9/1/2023

Adaptation and/or format changes required? None. We only need to have extractions for the group training sessions for the site examiners and placement of the entire DVD on our secured study website that is password protected.
