## *Notification of RSRB Review*

**To:** [George Schwartz](#)

**Re:** RSRB00044983

**Study Title:** Central Biochemistry Laboratory of the CKiD Consortium

This letter is to acknowledge that the University of Rochester RSRB has reviewed the information provided and determined that the submission does not require RSRB review for the following reason:

Study does not qualify as human subjects research (45 CFR 46.102)

**Research does not involve human subjects as defined in the federal regulations**

**Human Subject** - According to DHHS, a human subject is a living individual about whom an Investigator (whether professional or student) conducting research obtains either: data through intervention or interaction with the individual or identifiable private information. These individuals could be patients, healthy volunteers, students, employees, and/or members of the community.

At this time, it has been determined that ongoing RSRB oversight of this project is not necessary. If the proposed project should change, the RSRB must be notified immediately to re-evaluate whether or not your project requires RSRB review and approval.

This research meets HIPAA regulations by:

**HIPAA does not apply**
