

# CONSENT FOR REPOSITORY SAMPLES (CRS)

## Chronic Kidney Disease in Children Cohort Study (CKiD)

**Instructions:** This form should be completed for all participants 18 years old or older, any participant who has a change in consent (i.e., consent/decline) regarding the storage of genetic/biological repository samples, or when IRB/REB request that repository samples are no longer used/stored.

### SECTION A: GENERAL INFORMATION

A1. PARTICIPANT ID: AFFIX ID LABEL OR ENTER NUMBER IF ID LABEL IS NOT AVAILABLE

|\_| - |\_|\_| - |\_|\_|\_|

A2. FORM VERSION:

0 4 / 1 5 / 2 2

A3. DATE FORM COMPLETED:

\_\_\_ \_\_\_ / \_\_\_ \_\_\_ / \_\_\_ \_\_\_ \_\_\_  
M M D D Y Y Y Y

A4. FORM COMPLETED BY (INITIALS):

\_\_\_ \_\_\_

### SECTION B: Status of Consent per participants

B1. When consent was last obtained/signed, was the participant 18 years old or older?

Yes..... 1 **(skip to B3)**

No..... 2

B2. Is the participant currently 18 years old or older?

Yes..... 1 **(skip to C1)**

No..... 2

B3. Did the participant agree/consent to continued use/storage of repository:

Yes No

a. Genetic samples..... 1 2

b. Biological samples..... 1 **(END FORM)** 2

B4. For each biological sample, indicate whether the sample can continue to be used/stored OR if the sample should not be used/stored.

CONTINUE DO NOT  
Use/Storage Use/Store

a. Serum..... 1 2

b. Plasma..... 1 2

c. Urine..... 1 2

d. Nail clippings..... 1 2

e. Hair samples..... 1 2

f. Comments (explain why samples may not be used/stored):

\_\_\_\_\_  
\_\_\_\_\_ **(END FORM)**

# CONSENT FOR REPOSITORY SAMPLES (CRS)

---

## SECTION C: IRB/REB Guidelines

- C1. Per your IRB/REB guidelines, what is the policy regarding the use/storage of **genetic** repository samples?
- Genetic samples collected in the past **may continue to be used/stored** (consent deemed adequate)..... 1
  - Genetic samples collected in the past **may continue to be used/stored** (waiver of consent applies)..... 2
  - Genetic samples should be placed on **hold** until appropriate consent to use/store samples is obtained. .... 3
  - Genetic samples **may no longer be used/stored** (unable to re-consent participant) ..... 4
- C2. Per your IRB/REB guidelines, what is the status regarding the use/storage of **biological** repository samples?
- Biological samples collected in the past **may continue to be used/stored** (consent deemed adequate)..... 1
  - Biological samples collected in the past **may continue to be used/stored** (waiver of consent applies)..... 2
  - Biological samples should be placed on **hold** until appropriate consent to use/store samples is obtained..... 3
  - Biological samples **may no longer be used/stored** (unable to re-consent participant) ..... 4

**END FORM**
