

Restricted Use of MACS Specimens

This form is to be completed for MACS participants that have refused consent for stored specimens to be used to establish a cell line, for possible commercial value, or for other reasons that may evolve over the course of the study.

A separate form should be completed for each participant that denies consent. Submit the form to CAMACS (410-955-7587 fax). The repository database files will be flagged immediately to reflect this information.
