**SECTION E: AIDS DEFINING ILLNESSES**

We are now interested in finding out about diseases that some women experience. These diseases are rare. They may occur in women who are HIV negative, however, they tend to occur more often in HIV positive women. As I read this list of diseases, please let me know whether or not you have had any of them. Many of the terms in this section are very technical and you may not have heard of them. If you've never heard of a term just say so. Please bear with me while we go through this section. Please keep in mind that the following questions refer to the time since your (MONTH) study visit.

E1. Since your (MONTH) study visit, has a health care provider told you that you had a CD4 count (T-cell count) less than 200 or less than 14%?

YES .....1  
NO/NEVER HEARD OF IT .....2
