

Blood Specimen Collection Form (F29)
Version: 04/01/06b

1. C4: Specimens for total cholesterol, HDL, LDL, triglycerides and insulin will next be collected during visit 31. Amend footnote to indicate that, beginning after visit 27 (WIHS IV), these specimens will be collected once every two years (i.e., visits 31 and 35) instead of every other year.

2. C13: Specimens for glucose will next be collected during visit 31. Amend footnote to indicate that, beginning after visit 27 (WIHS IV), these specimens will be collected once every two years (i.e., visits 31 and 35) instead of every other year.
