DATE OF PROCEDURE

___ - ___ - ___

___ / ___ / ___

Instructions: Below is an illustration of the mouth divided into 12 segments. Please record the gingival banding score at the appropriate question number. The order of the question numbers is the order in which the segment should be assessed.

NOTE: Take subgingival plaque samples from areas exhibiting positive scores on facial and lingual sites (the shaded items), as described in procedures in Form OP10.

Upper

Facial Aspect:

- B1. left posterior (2nd molar - 1st pre) Y
- B2. anterior (cuspid - cuspid) Y
- B3. right posterior (2nd molar - 1st pre) Y

Gingival Banding Score (circle one)

0	1	2	3	4	5	6
0	1	2	3	4	5	6
0	1	2	3	4	5	6

Lingual Aspect:

- B4. left posterior (2nd molar - 1st pre) Y
- B5. anterior (cuspid - cuspid) Y
- B6. right posterior (2nd molar - 1st pre) Y

0	1	2	3	4	5	6
0	1	2	3	4	5	6
0	1	2	3	4	5	6

Lower

Facial Aspect:

- B7. left posterior (2nd molar - 1st pre) Y
- B8. anterior (cuspid - cuspid) Y
- B9. right posterior (2nd molar - 1st pre) Y

0	1	2	3	4	5	6
0	1	2	3	4	5	6
0	1	2	3	4	5	6

Lingual Aspect:

- B10. left posterior (2nd molar - 1st pre) Y
- B11. anterior (cuspid - cuspid) Y
- B12. right posterior (2nd molar - 1st pre) Y

0	1	2	3	4	5	6
0	1	2	3	4	5	6
0	1	2	3	4	5	6
